

SAFETY DATA SHEET:

SELEKT FRESH COW 500

Date of issue: 4th February 2015

1. Identification

Description of product: Selekt Fresh Cow, dietetic feedingstuff, powder

Supplier: Nimrod Veterinary Products Ltd
Registered office: Windsor House, Barnett Way, Gloucester, GL4 3RT, United Kingdom
Trading address: 25a, High Street, Moreton-in-Marsh, GL56 0AF, United Kingdom

Telephone: +44 1608 652593

e-mail: nimrod@nimrodvet.co.uk

Emergency telephone number: +44 7770 815023

2. Composition / Information on Ingredients

| Name | EC No. | CAS No | Content | Classification |
|------------------------------|-----------|------------|---------|----------------|
| Calcium propionate | 223-795-8 | 4075-81-4 | 71% | none |
| Magnesium sulphate 7-hydrate | 231-298-2 | 10034-99-8 | 21% | none |
| Dry yeast | none | none | 7% | none |

3. Potential Risks / Hazards

Mildly irritating in contact with the skin or eye, and following inhalation. May cause abdominal pain, vomiting and diarrhoea if ingested. If elimination from the gut is obstructed by bowel blockage or for other reasons, CNS depression and absence of reflexes may occur.

4. First-Aid Measures

Inhalation Move the exposed person to fresh air at once. If breathing is difficult, give oxygen and seek medical attention.

Ingestion Give several glasses of water to drink. If a large amount has been swallowed, get medical advice. Never make an unconscious person vomit or drink fluids.

Skin contact Remove the affected person from the source of contamination. Promptly wash contaminated skin with soap or mild detergent and water.

Eye contact Promptly wash the eyes with plenty of water while lifting the eyelids. Continue to rinse the eyes for at least 15 minutes and get medical attention.

5. Measures for Fire Fighting

Extinguishing media Use water spray, fog or mist, or alcohol-resistant foam, carbon dioxide, dry chemicals, sand, dolomite etc. Do not use a high-pressure water jet.

Specific hazards Slightly explosive in the presence of open flames and sparks. When heated to decomposition, the material will emit acrid smoke and fumes.

6. Accidental-Release Measures

Personal precautions Wear protective clothing as described in Section 8 of this safety data sheet.

To clean up spills Scoop or sweep up spilled material, but avoid raising dust. Flush the area of the spillage with water. Dispose of spilled material as commercial waste in accordance with relevant legislation.

7. Handling and Storage

Usage precautions Avoid the formation and spreading of dust in the air.

Storage precautions Store in a cool, dry place.

8. Exposure controls / Personal protection

Respiratory protection If there is a risk of forming dust, wear a protective respiratory device with a particle filter.

Hand protection Protective gloves

Eye protection If there is a risk of forming dust or splashing a solution of the product, wear safety glasses. Ensure an eye bath is to hand.

Skin protection Protective clothing

9. Physical and Chemical Properties of Impregnating Solution

Appearance Powder

Colour Beige

Odour Of yeast

Solubility Major ingredients are soluble in water.

10. Stability and Reactivity

Stability Stable under normal conditions. Stable at room temperature.

Conditions to avoid Heat, flames, sparks.

Materials to avoid Oxidizing agents, ethoxy-ethyl alcohols, arsenates, phosphates, tartrates, lead, barium, strontium, and calcium.

Hazardous decomposition products Oxides of sulphur.

11. Toxicological Information

Health warnings Mildly irritating in contact with the skin or eye, and following inhalation. May cause abdominal pain, vomiting and diarrhoea if ingested. If elimination from the gut is obstructed by bowel blockage or for other reasons, central-nervous-system depression and absence of reflexes may occur.

Route of entry Skin and/or eye contact, inhalation, ingestion.

Target organs Eyes, skin, gastro-intestinal tract, respiratory system, lungs, central nervous system.

Medical symptoms Irritation of eyes and mucous membranes, rhinitis (inflammation of the nasal mucous membranes), upper-respiratory tract irritation, abdominal pain, vomiting and diarrhoea, central-nervous-system depression and absence of reflexes.

12. Ecological Information

Ecotoxicity No known hazard.

Bioaccumulation No potential for bioaccumulation.

13. Disposal Dispose of the material as commercial waste in accordance with relevant legislation.

14. Transport Information None

15. Regulatory Information No hazard symbols are required.
